UNITED THANK OFFERING

2023 Grant Awards

Thank you to everyone who, through a personal spiritual discipline of gratitude, contributed to the United Thank Offering's 2022 Ingathering. As a result of your gratitude and generosity, we have \$1,079,600.54 available to award in 2023. (Learn more about funds that contribute to the Ingathering.)

This year, the focus for applications was "innovative mission and ministry projects addressing all aspects of the worldwide incarceration crisis, specifically: preventative programs and intervention; prisoner support outreach; prison reform work; or post-prison re-entry." Remember that every penny given to the United Thank Offering is given away to support innovative mission and ministry in The Episcopal Church. Since our official founding in 1889, UTO has awarded 5,428 grants for a total of \$143,235,479.98. (See a complete list of all UTO grants.)

The UTO Board set a maximum on the allowed grant request of \$55,000, except in the cases of extreme need or larger projects, where the applicant could request up to \$100,000. The UTO Board received almost \$2.6 million in requests from 49 applications and was able to fund 22 grants, including three historical grants (explained below). One grant supported a diocese that receives a block grant from General Convention. Twelve grants fund projects in the Anglican Communion. The remaining eight grants are to projects within The Episcopal Church.

Historical grants are awarded each year by the UTO Board for projects that fall outside the regular parameters of our granting process but within the historical practices of UTO. In 1923, the Emery Trust (335) was created to care for the Emery Lounge and Rooms and the items contained there, in addition to supporting the rest, formation, and care of UTO missionaries. Beginning in 2018, with thanks to the Executive Council and the Archives, the UTO Board was able to award the trust to support missionaries sent by The Episcopal Church for the upkeep of archival UTO materials. Missionaries are sent to serve in communities through the church's Global Partnership team or through the Episcopal Service Corps, part of the church's formation team.

We will always list this grant along with the annual awards, just as was done in the past; however, we will demarcate the award as being from the trust.

The final historical grant is part of a practice the UTO Board created years ago to support and partner with the presiding bishop. Historically, UTO has funded grants to the Domestic and Foreign Missionary Society to support new work that the church budget has not yet expanded to fund. These awards have supported everything from staff positions, conferences, creation of educational resources, to building projects. UTO began partnering with Episcopal Migration Ministries in 2016 through a challenge grant to support their vital ministry and has continued this partnership since 2022 by working together in The Great EpisGOpal Race.

The United Thank Offering Invites Every Episcopalian to:

Notice the good things that happen each day.

Give thanks to God for your blessings.

Make an offering for each blessing.

Through UTO, your **Blessings** become blessings for others.
